

NetWare driver information update

For systems equipped with SCSI Ultra2 chipset system boards, including the Gateway™ ALR 7200, 7300, 8200, and 8300.

- ◆ In the subsection “Installing Device Drivers/Software Support” in Chapter 3 of the service reference guides for these systems, the last sentence should read:

Refer to the *Adaptec 7800 Family Manager Set User’s Guide* for additional information.

- ◆ In chapter 2 of the *Adaptec 7800 Family Manager Set User’s Guide*, all references to the Novell NetWare driver file **aic7870.dsk** should be changed to **aic78U2.ham**.
